TALON

Frances Belcher

THE 1963 TALON

Seagraves High School
Seagraves, Texas

Foreword

In compiling this edition of the Talon, we, the staff, have sought to capture a few of the qualities which make S. H. S. great. Loyalty, enthusiasm, pride, sportsmanship, co-operation, and friendliness are only a few of these qualities practiced by our students and teachers from day to day.

In the pages of the Talon you will find examples of these qualities and the people who made them.

We hope it will bind you closer to your present friends, that they may not be forgotten later on.

We hope that you will enjoy this yearbook as much as we have enjoyed putting it together. May it help to bring back many delightful memories of your days spent at Seagraves High.

I have but one lamp by which my feet are guided, and that is the lamp of experience. I know of no way of judging of the future but by the past.

Dedication

MR. ROSS A. BUCKNER

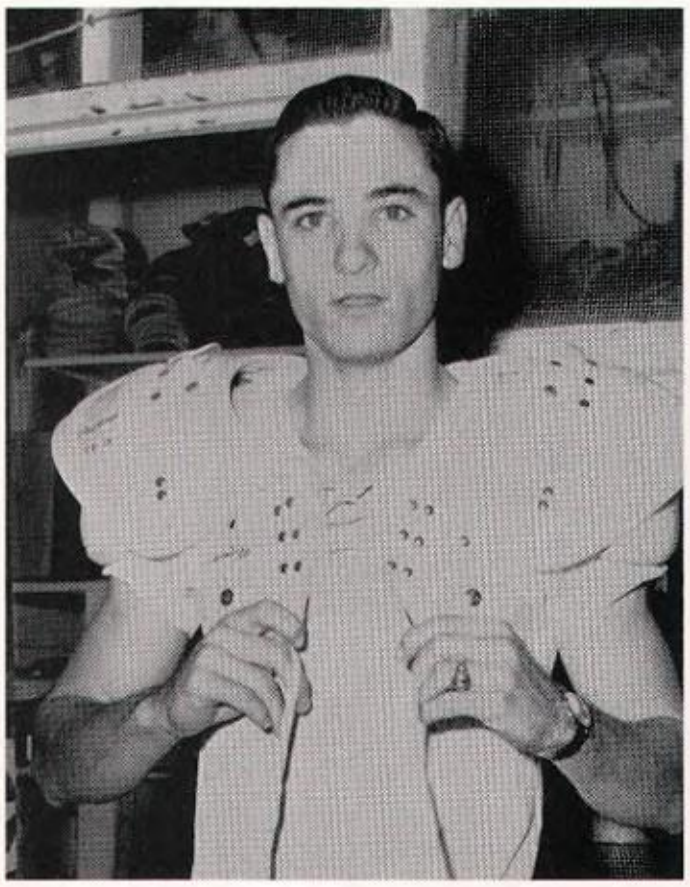
To show appreciation to a man who gives himself to Seagraves School and community life and demands no praise in return, the annual staff, student body, and faculty dedicate the 1963 TALON to Mr. Ross A. Buckner, Superintendent of Schools.

His unselfish interest in working for a better school and better community has endeared him to all of us.

As Superintendent of Schools, his diligence has inspired both old and young to strive for higher goals in life, education, and community service. To our Superintendent, we dedicate the TALON.

Personalities

Who's Who

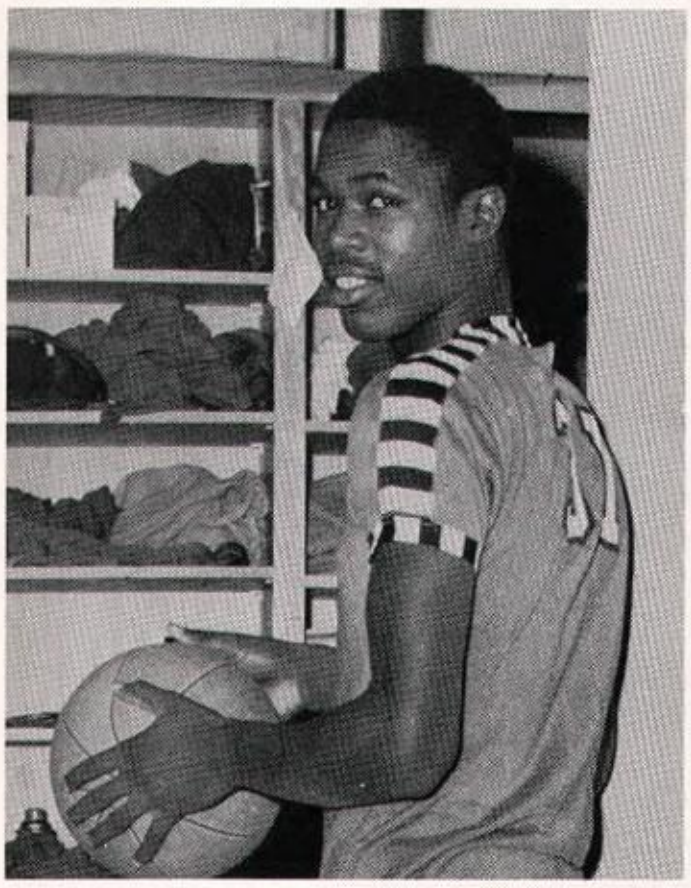


JAMES PETTY

James' high school career has been marked by his devotion to his school, class, team, and fellow students. He has shown ability, fairness, and dedication in all of his school activities. He has demonstrated that hard work and diligence bring worthy rewards in the esteem of faculty, school organizations and others. James has been a credit and an inspiration to Seagraves School and to all of his associates.

LINDA TAYLOR

A student who typifies the very heart and spirit of our high school in a most remarkable manner is Linda Taylor. Her personality, infinite industry, humor, sense of proportion, and spiritual make-up form the desirable traits that are essential to her role as a leader. Linda's many fine qualities have endeared her to her fellow students and members of the faculty.



BILLY RAY BEAN

Industry, integrity, perseverance and ability number among the qualities which Billy Ray Bean possesses. In academic work and athletic participation, he has proved himself a competitive and dedicated individual. His friendly smile and highly cooperative manner have earned him the respect and high regard of his fellow students. Deserving of honors given him, they are a definite salute to his character.

1961-1962 Sammy Faulkner

In S.H.S.

ALTON HASSELL

Ability and perseverance have characterized Alton in all academic phases of high school. He is a very conscientious worker in his church, and has received the Eagle award in Scout work. His sincerity, dependability, and scholastic rating have won for him the respect and admiration of the student body and faculty of Seagraves High.

JUNE SMITH

"Meritorious service"--in every facet of school life best describes June Smith. Her illustrious school years have been marked by many honors and awards, all richly deserved. She is an honor student, talented actress, and a distinguished student leader. June combines a sense of humor with cheerfulness and talent to become one of the outstanding young women in our school's history.

ROGER WARD

Roger has worked himself into the top files of the high school roster by excelling in all academic phases of high school work. To any problem in his courses he has the solution. Roger's philosophy stated in the words of Tennyson:

"How dull it is to pause, to make an end,
To rust unburnished, not to shine in use!

. . .

To strive, to seek, to find, and not to yield."

His services to his community are far-reaching. He is loyal to his church as well as to his civic organizations. His integrity, loyalty, and scholastic abilities have earned for him the respect and admiration of the student body and the faculty.

Hollywood, California
4 February, 1963

To the students at Seagraves:

It was no easy task for me to select the Most Beautiful Girl and Most Handsome Man from the photographs which were sent to me.

You all look like personable and healthy students to me.

But "Dr. Casey" is often confronted with difficult decisions, and tries to meet them head-on.

My best to you all.

Sincerely,

Vincent Edwards

This man has a hand in your future

. . . he's harnessing nature's fabulous energy—Natural Gas—to make your life more pleasant and productive in a thousand ways. Versatile Natural Gas will cook and refrigerate your food, heat and cool your home. If you farm, Gas will run your deep well turbine pumps for irrigation. If you enter industry, Gas will provide the intense dependable heat without which few raw materials can be processed. And that's not all! Natural Gas assumes many disguises to serve you—from its hydro-carbons come vinyl plastics, synthetic rubber, cosmetics, ink, cleaning fluid, anti-freeze! Natural Gas is abundantly, powerfully, economically at your disposal—ready to team its mighty energy with yours to prove anew that Progress is Energy in Action!
